POLITICAL FIDELITY. The present is an appropriate time to discuss the philosophy of party politics Obsaistency in politics is altogether relative. Its code is high and imperious. When two great parties stand distinctly arrayed in opposition, there is nothing arrayed in opposition, there is nothing to be said against the anathema that follows the defection of those who have once that divide a nation into two parties are in view and apparently within reach, it is but just and right that both sides should be allowed to claim the allegiance of their rull strength at the partie of the conventional penalties. But when the march of ovents and the ceaseless change of affairs whall have rearranged the map of the future and revolutionized the national wishes, it surely requires but little srgument to show that party consistency, or political fidelity, call it what you will, Consistency in politics is altogether rela-

But if the alliance fails the Democrata will be true to their ancient remown and struggle once again for freedem and the constitution. The contest might be hopeless. They would probably lose the victory, but they will draw a higher prize—nave their honor and vindicate their patriotism.
